WELLINGTONCOLLEGIATEACADEMY

WCA

Event Spotlight

We are excited to introduce a new addition to our campus the WCA Café, created with our students' health and daily wellbeing in mind. The café now offers healthy meal options, nutritious snacks, fresh juices, balanced choices to fuel students throughout the school day

This fresh initiative reflects WCA's commitment to nurturing the whole child academically, emotionally, and physically. As we provide healthier food alternatives, we aim to support better focus, improved energy, and lifelong habits that will benefit our students far beyond the classroom.

A Message from WCA

At Wellington Collegiate Academy, our mission has always been simple: to raise confident, academically prepared students while nurturing strong values and a supportive community around them.

This month, we've introduced several new initiatives designed to strengthen student success, build responsibility, support parents, and ensure every child receives the tools they need to thrive academically, emotionally, and personally.

Character Focus of the Month: Self-Responsibility

This month, our students have been focusing on the value of self-responsibility, understanding that their actions, learning, and daily choices shape their future.

Teachers have been practicing :

- Daily ownership checks ("What can I do better today?")
- Encouraging students to set mini-goals
- Teaching personal accountability in classwork and group work

Our goal is to raise students who are confident, disciplined, and capable of leading their own success with the support of our WCA community.

New Initiative: The WCA Enrichment Program

To ensure no student is left behind, WCA has launched a dedicated academic support program.

Who is it for?

Students who need additional help in Math or ELA, primarily in upper elementary grades (3rd–5th).

What makes it special?

- Small-group learning
- Pulled during class for targeted instruction
- Skills broken down step-by-step
- Personalized teaching pace
- Quiet, focused setting separate from the general population

This program ensures that every child receives exactly what they need to succeed academically.

The goal of education is not just to fill minds, but to strengthen them. “

COMING SOON

College & Career Readiness Begins Early

We are proud to share our continued partnership with Emma, our academic advisor, who is helping guide our middle and high school students through personality and career assessments, to help students understand how they learn, communicate, and thrive.

To discover strengths, interests, and potential career pathways, initiate early college preparation and build foundations long before graduation day arrives.

Our goal is to ensure that every student leaving WCA is academically ready, confident in their direction, and supported by both school and family.

UPCOMING EVENTS

* Upcoming Field Trip to SeaWorld Orlando (Grades 4–9) *18th February*

Departure: 7:15 AM

Return: ~5:30 PM

Cost: \$75 per student (includes park admission + transportation)

Please send \$15–\$20 for lunch expenses.

Due to limited seats, please confirm and complete payment by January 26 at 3:00 PM.

Parent Partnership & Mental Health Conversations

One of our foundational goals at WCA is improving alignment between school and families. Strong communication ensures students feel supported academically and emotionally. This month, we introduced:

• Mom’s Class

A dedicated space for mothers to connect, learn, and support one another.

Topics range from parenting strategies to mental health and daily balance.

• Student Mental Health Support

We’re deepening conversations around student wellbeing. While children naturally rely on parents, our mission is to support both parents and students through an environment that encourages communication, teaches emotional understanding, builds confidence and provides structured academic and personal guidance.

Closing note

As we move into a new month, we are excited for the growth, learning, and memorable experiences ahead.

Thank you for being a huge part of the WCA community.
