

WELLINGTON
Collegiate Academy™

Empowering Every Student to Succeed

NEW PROGRAM · WELLINGTON COLLEGIATE ACADEMY
OPENING AUGUST 2026

VPK PROGRAM & Three and Four Year Old Class

WHAT SETS OUR PROGRAM APART

A Nurturing, Student-Centered Environment

Every child is known by name, celebrated for their individuality, and supported by educators who are genuinely invested in their growth.

Early Literacy & Language Foundation

Our curriculum prioritizes strong reading readiness and language development from day one, skills that set children up for academic confidence throughout their entire schooling journey.

Social-Emotional Development

We believe a child's ability to understand themselves and connect with others is just as important as any academic skill. Our program intentionally cultivates emotional intelligence, resilience, and healthy peer relationships.

Small Class Sizes

Individualized attention isn't an exception here, it's the standard. Our small class sizes ensure that every child receives the guidance and encouragement they need to flourish.

Experienced, Caring Educators

Our teachers bring both expertise and genuine warmth to the classroom, creating an environment where children feel safe, seen, and excited to grow.
